# NOW IS THE TIME

The Lion Staff of 1966 continues the tradition of publishing a yearbook which recaptures the highlights of our school year. Our theme, "Now Is The Time," reminds us that at this point in our lives we must begin to chart the course of our future.

Plato, the Greek philosopher, said, "The direction in which education starts a man will determine his future life." If, as seniors, we have benefitted from the past twelve years of public school education, now is our time to achieve our personal goals.

## Music, A Powerful Cultural Force

Boys and girls of today are learning about music at a time when the widening mass taste of teenagers is making a noticeable impact on the music makers. The increased movement of scientific achievements has served to widen the gap between the school program and today's living, thus making the cultural lag more evident.

Music as a vital and integral part of general as well as special education now steps forward to function for all varieties of talent, the creator, the performer, and the listener. Its beneficent qualities for enriching human life permeate the entire school, and community in such a way that the "cultural gap" will be reduced.

Music is a powerful cultural force that eliminates some of the boundaries which divide mankind - the barriers of time, space, race, color and creed. With its universal appeal it is a basic component of human life.

## THE MEMORY OF THE HEART

If stores of dry and learned lore we gain,  
We keep them in the memory of the brain;  
Names, things, and facts, - whate'er we knowledge call,  
There is the common ledger for them all;  
And images on this cold surface traced  
Make slight impressions, and are soon effaced.  
But we've a page, more glowing and more bright,  
On which our friendship and our love to write;  
That these may never from the soul depart,  
We trust them to the memory of the heart.  
There is no dimming, no effacement there;  
Each new pulsation keeps the record clear,  
Warm, golden letters all the tablet fill  
Nor lose their lustre till the hearts stand still.

- Daniel Webster

# SUPERINTENDENT'S MESSAGE

MR. AVERY R. DOWNING

The most volatile force in the world today is change--rapid change. Americans must realize that more education is necessary for a changing society and that a good education can help individuals cope with change in a manner consistent with the system of values derived from our American heritage. We have reached a point in history where no person or group of persons can afford to be without the necessary knowledge and skills that will enable them to deal with conflict and change in the future. Now is the time for full realization of the tremendous requirements of the present and the future.

Avery R. Downing  
Superintendent

# ASSISTANT SUPERINTENDENT'S MESSAGE

Congratulations to the 1966 graduating class of Moore High School. You are to be commended for a job well done.

May you approach the future with confidence and enthusiasm. Our society needs young women and men who have carefully prepared themselves for responsible adulthood.

In closing, seek avenues of productive adulthood that will enable you to function at your maximum potential. Do not be satisfied with less than your best. May your life be enriched with personal achievement.

Very truly yours,

*Barry B. Thompson*

# PRINCIPAL'S MESSAGE

The Lion is the central embodiment of all of the things that make Moore High what it is. The yearbook represents the efforts of dedicated seniors and their advisers to present the happenings of an entire year in a lively, colorful, entertaining, intelligent, and inspiring manner. This again in 1966 has been achieved.

The theme of the 1966 Lion is "Now Is The Time". Indeed now is the time for a gathering around the ideals which have permeated the fibers of the students and faculty and patrons of Moore High. It has been expressed well in the first lines of the school song:

"Faithful and true-hearted  
Let us boost for our Moore High;  
We revere and defend her,  
And her colors proudly fly.  
We will stand for her united,  
Of her deeds we'll gladly tell;  
Her colors streaming,  
Glad faces beaming,  
So here's a cheer for her we love so well."

These are the ideals which we feel will develop outstanding men and women from the boys and girls who are now its students. Now, indeed, is the time to implement these things.
